1. PROTECTION.
SC - Self-Contained Breathing Apparatus
PD - Pressure-Demand
CBRN - Chemical Biological Radiological and Nuclear
EOSTI - End Of Service Time Indicator

2. CAUTIONS AND LIMITATIONS
I - Contains electrical parts that may cause an ignition in flammable or explosive atmospheres.
J - Failure to properly use and maintain this product could result in injury or death.
M - All approved respirators shall be selected fitted, used and maintained in accordance with MSHA, OSHA and other applicable regulations.
N - Never substitute, modify, add or omit parts. Use only exact replacement parts in the configuration as specified by the manufacturer.
O - Refer to users instructions and/or maintenance manuals for information on use and maintenance of these respirators.
S - Special or critical users instructions and/or specific use limitations apply. Refer to users instructions before donning.

3. CAUTIONS AND LIMITATION OF USE FOR CBRN SCBA
Q - Use in conjunction with personal protective ensembles that provide appropriate levels of protection against dermal hazards.
R - Some CBRN agents may not present immediate effects from exposure, but can result in delayed impairment, illness, or death.
T - Direct contact with CBRN agents requires proper handling of the SCBA after each use and between multiple entries during the same use.
Decontamination and disposal procedures must be followed. If contamminated with liquid chemical warfare agents, dispose of the SCBA after decontamination.
U - The respirator should not be used beyond 6 hours after initial exposure to chemical warfare agents to avoid possibility of agent permeation.
EBSS - EBSS Activation or engagement of EBSS in either the donor or receiver mode changes the SCBA use to Escape-Only, approved service time for either the donor, or the receiver is no longer applicable. Additional critical cautions and limitations apply. Refer to EBSS in the Users Manual.

NIOSH
CBRN Agent Approved
See Instructions for Required Component Part Numbers, Accessories, and Additional Cautions and Limitations of Use
