Samuel D., Sergeant, Montrose Twp. Fire Rescue

“Best in the fire service, hands down!”

Chad H., Firefighter, Tremont Fire Protection District

Air-Pak SCBA. The most trusted name in respiratory protection.

Since its introduction in 1945, the Air-Pak SCBA has given you the confidence to move forward and get the job done. That’s exactly why it’s Made in the U.S.A. From our skilled engineers to our production teams, we’re focused on one goal: Helping you get the job done safely.

Every Scott Air-Pak is made in the U.S.A.

What does it mean to be Made in the U.S.A.? According to the Federal Trade Commission (FTC), Made in the U.S.A. means that “all or virtually all” of the product has been made in the United States. That is, all significant parts, processing and labor that go into the product must be of U.S. origin. Products should not contain any – or only negligible – foreign content. In compliance with this official definition, Scott Safety is proud to declare that the Scott Air-Pak X3, Air-Pak 75 and Air-Pak NxG7 are Made in the U.S.A.
